MODERN CRIMES, MODERN TRAINING, MODERN INVESTIGATIONS.

This 3-day, intermediate-level course equips motivated participants with a comprehensive understanding of how cellular providers operate, the types of records they produce, how to legally obtain them, and how to effectively utilize them in investigative work. The course combines lecture-based instruction with hands-on exercises, giving students substantial experience analyzing real-world data using CellHawk.

Prerequisites: CellHawk Basic (CB) recommended, but not required. Qualified attendees can take CTRA as an entry-level course.

The course meets the requirements to take the CellHawk Certified User examination through LeadsOnline.

Required Equipment:

- Laptop w/ WiFi capability
