

Cellular Technology, Records, and Analysis (CTRA)

Level II | Intermediate Course

March 23, 2026—March 25, 2026

8:00 A.M.—4:00 P.M.

Corona Police Department (Riverside County)

730 Public Safety Way, Corona, California 92878

This 3-day, intermediate-level course equips motivated participants with a comprehensive understanding of how cellular providers operate, the types of records they produce, how to legally obtain them, and how to effectively utilize them in investigative work. The course combines lecture-based instruction with hands-on exercises, giving students substantial experience analyzing real-world data using CellHawk.

Prerequisites: CellHawk Basic (CB) recommended, but not required. Qualified attendees can take CTRA as an entry-level course.

The course meets the requirements to take the CellHawk Certified User examination through LeadsOnline.

Course Topics:

- Cellular technology and network operation
- Legal process and legal considerations
- Provider records and cell site lists
- Timing Advance (TA) and Specialized Historical Location Data
- Mapping and records analysis (in CellHawk)
- Basic report writing and records presentation

Required Materials:

- Laptop w/ WiFi capability (no VPN)
- Microsoft Excel
- PDF viewer
- External mouse (highly recommended)

Tuition information:

\$750.00 per person
