COURSE INCLUDES

- Certificate of completion
- Digital course materials
- Live instructor-led Q&A
- Hands-on practical exercises

— ABOUT THIS COURSE

This two-day foundational course introduces investigators and analysts to the NightHawk platform and the core skills needed to collect, organize, and analyze investigative data. Delivered live online, it pairs guided instruction with hands-on exercises so students gain practical, real-world experience navigating NightHawk from day one.

— PREREQUISITES

None. NightHawk Basic is an entry-level course built for new users — no prior experience with the platform is required. Completion prepares students to advance to the Intermediate and Advanced courses.

— WHO SHOULD ATTEND

Detectives, analysts, and investigators who are new to NightHawk and want a structured, hands-on introduction to the platform.

— REQUIRED EQUIPMENT

- Laptop with reliable WiFi
- Modern web browser (Chrome recommended)
- Webcam & microphone for live participation
- Dual monitor & external mouse (highly recommended)

— WHAT YOU'LL LEARN

- Getting started in the NightHawk workspace
- Building cases & importing data sets
- Organizing subjects — people, vehicles & places
- Visualization: Timeline, Map & Network views
- Intersection analysis & real-time collaboration
- Output & reporting — court-ready exhibits

2 DAYS

14 hours of live,
instructor-led training
